

DECLINE OUR OFFER FOR MEDIATION

ADVANCES SPURNED BY SPANISH GOVERNMENT.

Senator Foraker Creates a Sensation by Making Known Diplomatic Correspondence Between Secretary of State Olney and Spanish Minister De Lome.

Washington, May 20.—In the course of an exciting debate on the Cuban question in the senate Wednesday Mr. Foraker (Rep., Ohio) declared:

"In spite of the limitations which are imposed upon me I feel at liberty to state that mediation has been tendered by this government and has been rejected by Spain."

Discussing the Morgan resolution on its merits, Mr. Foraker said that direct intervention was a better, shorter and more Christianlike way than the adoption of the resolution. He would say to Spain: "In the name of civilization and humanity, as well in the interest of our commerce, you must come to a stop, and you must do so immediately." Mr. Foraker then read at length from the Olney letter as well as the consular report which is credited to Gen Lee.

The extract was quoted as follows, no date being given:

"I cannot understand the truth of the claim that all the provinces of the island are pacified except that of Santiago de Cuba, because there are more insurgents under arms at this time than at the period when I first reached the island, some ten months ago. The impossibility of expelling the Spanish troops from this island by force of arms is well known to them, and they do not propose to risk the lives of their men and the success of their cause upon one or more pitched battles. I conclude, therefore, that the war will drag its weary length along so long as the insurgents can dig sustenance from the ground, on the one side, or money be obtained by the other, with the continued result of untold human suffering, loss of human life, the murder of innocent men, women and children by both sides, and the frightful havoc which disease makes in the ranks of soldiers, particularly among the unacclimated Spaniards. No one can fully appreciate the situation without being here in person."

The letter from Secretary Olney to Spanish Minister De Lome, under date of April 4, 1896, is the one in which intervention is suggested. Mr. Olney said:

"It might be well deemed a dereliction of duty to the government of the United States, as well as a censurable want of candor to Spain if I were longer to defer official expression as well of the anxiety with which the President regards the situation in Cuba as of his earnest desire for the prompt and permanent pacification of the island. It is impossible to deny that the expectations as to the speedy ending of the rebellion entertained by you in the summer and fall of 1895, and shared not merely by all Spaniards, but by most of disinterested observers as well, have been completely disappointed. The insurgents seem today to command a larger part of the island than ever before. Their arms, estimated a year ago at 10,000 to 20,000, are now concentrated at least two or three times as many. It can hardly be questioned that the insurrection, instead of being quelled, is today more formidable than ever. Whether a condition of things entitling the insurgents to recognition as belligerents has yet been brought about may, for the purpose of the present communication, be regarded as immaterial."

Further on Mr. Olney calls attention to the fact that capital is fast withdrawing from the island, "frightened away by the utter hopelessness of the outlook." He continued: "It may well be feared that if the present insurrection is to be of shorter duration than the last it will be because the end is to come sooner or later through the inability of Spain to prolong the conflict and through her abandonment of the island to the heterogeneous combination of elements and of races now in arms against her." Such a conclusion, Mr. Olney said, would almost inevitably result in a war of races, with the probable establishment of a "white and black republic."

"The situation thus described," he says, "is of great interest to the people of the United States. They are interested in any struggle anywhere for freer political institutions. But necessarily and in special measure in a struggle that is raging almost in sight of our shores. They are interested, as a civilized and Christian nation, in the speedy termination of a civil strife characterized by exceptional bitterness and exceptional excesses on the part of both combatants. They are interested in the non-interruption of extensive trade relations which have been and should continue to be of great advantage to both countries. On all these grounds and in all these ways the interest of the United States in the existing situation in Cuba yields in extent only to that of Spain herself, and has led many good and honest persons to insist that intervention to terminate the conflict is the immediate and imperative duty of the United States."

He said his purpose was not at that time to suggest intervention, but that

the United States could not contemplate with complacency another ten years of Cuban insurrection. His suggestion looked to finding a way to "co-operate with Spain in the immediate pacification of the island on such a plan as, leaving Spain her rights of sovereignty, shall yet secure to the people of the island all such rights and powers of local self-government as they can reasonably ask. To that end the United States offers and will use her good offices at such time and in such manner as may be deemed most advisable."

Mr. Olney then suggests that neither Spain nor the Cubans can reasonably object to this intervention, and adds that if anything is to be done it should be done at once and on Spain's initiative. In closing he says the communication is prompted by the friendliest feelings toward Spain and the Spanish people, and adds: "To attribute to the United States any hostile or hidden purposes would be a grave and most lamentable error. The United States has no designs upon Cuba and no designs against the sovereignty of Spain."

Mr. Foraker read only the following extract from Mr. De Lome's reply, which was dated June 4, 1896: "In brief, there is no effectual way to pacify Cuba, unless it begins with the actual submission of the armed rebels to the mother country."

Other points from Mr. De Lome's letter are as follows: "Notwithstanding this the government of the United States could, by use of proper means, contribute greatly to the pacification of the island of Cuba. The constant violation of international law in its territory is especially manifest on the part of Cuban emigrants, who care nothing for the losses suffered in the meanwhile by the citizens of the United States and of Spain through the prolongation of the war."

"When the government of the United States shall once be convinced of our being in the right, and the honest conviction shall in some manner be made public, but little more will be required in order that all those in Cuba who are not merely striving to accomplish the total ruin of the beautiful country in which they were born, being then hopeless of outside help and powerless by themselves, will lay down their arms."

"Until that happy state of things has been attained Spain will, in the just defense not only of her rights but also of her duty and honor, continue the efforts for an early victory which she is now exerting, regardless of the greatest sacrifices."

Beet Sugar Not Profitable.

Washington, May 20.—Again the beet sugar industry of Europe is facing a crisis in spite of various ingenious and complex legislative remedies that have been applied. From several of the United States consular officers, Mann at Frankfurt, Muth at Madburg, and Morris at Ghent, reports have come to state department descriptive of the evil conditions that exist in the sugar industry. Consul Muth says the last sugar law of May 15, 1896, has been disappointing in its effects. Prices have declined even in the face of a largely increased demand from the United States.

A Mob's Terrible Work.

Mountain Grove, Mo., May 20.—A double murder was committed by an infuriated mob Tuesday night about seven miles north of here. About 12 o'clock white caps visited the home of John Mitchell, and riddled the owner with buckshot. Mitchell's step-brother, Jack Coffman, was also shot to death, and David Mitchell, brother of John, was shot through the head and shoulder. Mitchell and Coffman were thought to have been members of an organized band of thieves who operated between this city and Lebanon. Both the Mitchells have done time in Jefferson City for theft.

Gets Away With \$35,000.

Boston, Mass., May 20.—Albert W. King, 19 years old, residing with his parents at Wollaston, for two years a messenger for the Boylston National Bank, disappeared Wednesday with \$20,000 in bills, a \$10,000 United States legal tender certificate and a check for \$5,000, the property of the Boylston Bank. Young King comes from a highly respected family, and not the slightest suspicion of dishonesty has ever been cast toward him. Even now his friends claim that he has been waylaid or kidnapped.

Commission Is in Paris.

Paris, May 20.—The United States bimetallic commission, consisting of Senator Edward O. Wolcott, of Colorado; ex-Vice President Adlai Stevenson, of Illinois, and Gen. Charles J. Pine, of Massachusetts, has arrived here. The commission will not take any steps officially until Gen. Horace Porter, the new United States ambassador to France, has presented his credentials. Then, through Gen. Porter, the commission will ask President Faure for an audience.

Horatio King Very Ill.

Washington, May 20.—Horatio King, postmaster general in the Buchanan administration, and a litterateur of some note, is seriously ill at his home in this city as a result of an attack of la grippe during the winter, from which he has never rallied.

MAY HEAR REASON AND CUT CLAIMS

SULTAN LIKELY TO MODIFY HIS DEMANDS.

Significant Interview With a Turkish Official in London—The Advice of the Czar Has Had Great Weight with Abdul Hamid—Many Greek Corpses Are Found At Preveza.

Constantinople, May 20.—An official of the Turkish foreign office in an interview, after dwelling upon the provocative attitude of Greece and the earnest efforts made by Turkey to prevent war, said:

"During the month's war Turkey has suffered serious loss in life and money, and the peace conditions put forward cannot but be regarded as moderate and as wholly justified. Nevertheless the government is possibly prepared to modify its demands in regard to the indemnity and the cession of Thessaly, in view of the bankrupt condition of Greece and as proof of its pacific desires."

"In regard to the abolition of the capitulations in favor of Greek subjects in Turkey, it is impossible for the government, in the interests of the country, to make any modifications. Even Serbia and Roumania, in every sense the superiors of Greece, have not these privileges, and Greece cannot be allowed to retain exceptional rights which she has so scandalously abused. It is confidently hoped, therefore, that Europe will have sufficient sense of justice not to press Turkey. Upon this point she is determined not to yield, and should Europe attempt to impose such a sacrifice by force of arms the situation created would be most detrimental to general peace."

The telegram of the czar appealing to the sultan to cease hostilities against Greece, which was couched in the most friendly terms, is regarded as being very significant as showing the pacific intentions of the czar, while it is also politically important in the line of checking German influence at the Yildiz kiosk, which influence has considerably increased since the outbreak of the war with Greece. The action of the czar had a marked impression upon the Turkish government, which is already showing a more conciliatory disposition, promising the conclusion of an equitable peace.

The sultan has telegraphed his congratulations to Edhem Pasha and the Turkish troops and asked him for a list of those who distinguished themselves in the advance to Domokos, in order that he may reward them.

Edhem Pasha wires that the Turkish camp has been transferred to Domokos, where he has hoisted the Ottoman flag.

Ahmed Pasha telegraphs that after the defeat at Preveza the Greeks left 200 corpses on the field, although they took many away by sea to Athens.

Raise Prices: Cut Wages.

Davenport, Iowa, May 20.—An important meeting of the large sash and door-manufacturers of the Mississippi valley and the northwest was in session here Wednesday behind closed doors. The conference involves the closing of factories, limiting production, increasing prices and reducing pay rolls. It is alleged that business has been conducted in recent years at an actual loss.

Must Serve Nineteen Years.

Omaha, Neb., May 20.—The supreme court of Nebraska affirmed the finding of the district court which sentenced Henry Bolln, defaulting city treasurer of Omaha, to nineteen years in the penitentiary. Bolln was taken into custody and will go to the penitentiary at once. He was convicted of embezzling \$105,000 of city funds. His sentence also includes a fine of \$211,000.

Iowa Modern Woodmen Meet.

Mason City, Iowa, May 20.—Ten thousand Modern Woodmen were in attendance at their picnic in this city Wednesday. The procession had over 2,000 in line, with sixteen bands. Charles City secured the location for the next picnic. J. M. Mallon of Hampton was elected president.

Wants More Corporation Money.

Lansing, Mich., May 20.—Gov. Pingree said in an interview that if the members of the legislature want to get through and go home the last of May, as contemplated, they must first pass a law to get at least \$1,000,000 more out of corporations. Otherwise he will call an extra session.

Senator Earle Very Low.

Columbia, S. C., May 20.—United States Senator Joseph H. Earle's condition is alarming. His brother, who is his physician, expresses little hope of his recovery. He says that if the senator does not rally to-day the end will be but a question of a few hours.

Killed in the Senate.

Springfield, Ill., May 20.—The plan of apportionment was defeated in the senate Wednesday. Both gas bills were also beaten with decisive votes.

Brantford, Ont., May 20.—Mrs. Thos. Russell attempted to drown her five children in a cistern and strangled herself to death. She was insane.

THREE CANDIDATES FOR MODERATOR

TRIO OF MEN ASPIRE TO THE POSITION.

The Presbyterian General Assembly Now In Session at Eagle Lake, Ind.—No Friction Likely to Disturb the Meeting—The Baptist Hosts Gathered At Pittsburg Yesterday.

Winona Assembly, Eagle Lake, Ind., May 20.—Former President Harrison came as a commissioner to the general assembly of the Presbyterian church at 10 o'clock Wednesday night, and his ex-cabinet minister, John Wanamaker, arrived two hours earlier. All of the candidates for the moderatorship are here. It seems virtually settled that no layman will be placed in nomination. Three ministers will be offered. The Rev. Dr. Sheldon Jackson of Alaska and the Rev. Dr. Hy. C. Minton, of the Presbyterian Theological seminary of San Francisco, have found a rival. Since the commissioners began to gather a strong movement has sprung up in the interest of the Rev. Dr. J. Wilbur Chapman of Philadelphia. Dr. Chapman was a successful pastor in Schuylerville and in Albany, N. Y., before he entered evangelistic work. He has been for years the pastor of the Bethany Presbyterian church of Philadelphia, the church founded as a mission many years ago by John Wanamaker, and of whose Sunday school the latter is superintendent.

The matter of making Winona assembly grounds the permanent meeting place of the general assembly of the Presbyterian church will have an effect on the selection. The Winona influence will all be cast for Dr. Chapman, who is one of the officers of the summer school here. While his eastern affiliations and the Wanamaker influence will join the same movement, this is in fact the movement of the central states and the middle west. The leaders in support of Dr. Jackson and Dr. Minton are from the extreme east and the extreme west, the support of the latter being probably the best organized.

Harmony in the great things of the denomination is assured. If any friction appears it will be in regard to affairs which are, in fact, trivial.

Wednesday the annual conference on missions continued. It is held by recommendation of the general assembly, but is preliminary to it. The conferees are the chairman of the synodical committees, the chairmen of the Presbyterian committees and representatives of the women's boards, with mission workers from fields all over the world, who are represented here. The sessions take the form of discussions and addresses on mission topics.

BAPTIST HOST GATHERS.

Sixty-Fifth Annual Meeting of the Home Mission Society in Pittsburg.

Pittsburg, Pa., May 20.—The most important of the May anniversaries of the northern Baptist began Wednesday when President H. K. Porter of this city called the American Baptist Home Mission society to order for its sixty-fifth annual meeting.

About 1,000 delegates from all parts of North America were in their seats when the convention opened.

After bidding the delegates welcome, briefly referring to the offer of John D. Rockefeller to give \$250,000 to clear the society of debt, if a similar amount was raised before July 1, 1897, Mr. Porter said that, while the amount was not yet in hand, it would be before the date named.

The report of the executive board was then read by Chairman Harrison, who stated that the fiscal year ending March 31, 1897, had been the most perplexing in the history of the society.

The year began with a debt of \$86,245.41, and with a scale of expenditures considerably in advance of the anticipated receipts.

No new work of importance was undertaken and retrenchment was made where advisable.

The new plan of co-operation with the white and colored Baptists of the south, which went into effect in 1895-96, in North Carolina and Alabama, had been extended to South Carolina and Virginia with most happy and beneficial results.

The number of churches aided by gifts and loans during the year was 91.

A resolution strongly favoring the annexation of Cuba to the United States was adopted.

Peoria, Ill., May 20.—At the convention of the general congregational association of Illinois Wednesday the program as arranged was carried out. Barnes, Chicago; corresponding secretary, Mrs. A. A. Whitcomb, Chicago; treasurer, Mrs. L. A. Field, Wilmette; vice-presidents, Mrs. Sydney Strong, Oak Park, and Mrs. A. A. Dean, Wilmette.

United Brethren General Conference.

Toledo, Iowa, May 20.—Bishops Hott

and Mills presided over the united brethren general conference. The session was chiefly occupied in the presentation of reports. The committee on superintendency recommend the election of five bishops. A motion that a bishop shall not be eligible for more than two terms of eight years was defeated. It was decided that hereafter each bishop be limited in his episcopal duties to a prescribed district.

THE FLOOD IS NOW OVER.

Relief Work Practically Abandoned—Loss Estimated at \$11,530,000.

New Orleans, La., May 20.—The rapid fall of the Mississippi at all points from Memphis to the gulf gives notice that the flood of 1897 is over. It is now conceded by all the engineers, state as well as national, that there is no longer need for any fear from high water. Not even from the rise which comes down the Mississippi in June. The Mississippi will have fallen so by June that it can take care of any rise that may come down from the Ohio or upper Mississippi. It has been decided also to abandon all relief work, except in a few localities. The colored relief committee at Vicksburg has disbanded because its services are no longer needed.

The total area, including wild lands, overflowed was: Arkansas, 3,200 square miles; Mississippi, 6,520 square miles; Louisiana, 975 square miles. Much of the land was swamp.

An estimate of the actual damage done in the loss of stock and crops, houses destroyed and swept away, and railroad track injured is: Louisiana, \$1,975,000; Arkansas, \$4,325,000; Mississippi, \$3,230,000; total, \$14,530,000.

Murder Story Is Discredited.

Denver, Colo., May 20.—Careful inquiries at Helena and Butte, Mont., have failed to confirm the report that M. H. Hamilton, his wife, son and daughter were recently murdered in a village near Helena, and is discredited here. It is learned that the family left Denver, March 1, for New Plymouth, Id., and nothing has since been heard from them.

THE HOUSE PASSES THE CUBAN BILL

THE PRESIDENT'S MESSAGE IS HEEDED.

Fifty Thousand Dollars Is Appropriated To Relieve the Suffering Among Uncle Sam's Subjects On the Island—Eighty-one Members Who Favored Recognition Vote Against Bill.

Washington, May 20.—No more Americans will starve in Cuba. The members of the house have followed the senate's example.

By a vote of 117 yeas to 81 nays the house today voted to appropriate \$50,000 to aid the starving Americans on the island.

The members who voted nay wanted to recognize the belligerency of Cuba and so voted against the move.

ASSOCIATED PRESS BANQUET.

Editors of the Country Enjoy Themselves at Chicago.

Chicago, May 20.—The fourth annual banquet of the Associated Press last night followed a business session in the afternoon at which the members had felicitated themselves on the victorious outcome of the contest with the United Press and had emphasized their contentment by re-electing Directors McMichael, Noyes, Driscoll and Norris.

In addition to the toasts an interesting feature of the banquet was the presentation, on behalf of the "Old Guard," of a silver service to President Victor F. Lawson, a loving cup to General Manager Melville E. Stone and a gold watch to Charles S. Diehl.

New Street Railway Legislation.

Springfield, Ill., May 20.—The battle over street railway legislation is on again. A bill was presented to the judiciary committee of the house yesterday afternoon and the committee asked that action be taken on the measure this morning at 8 o'clock. It was finally agreed that consideration be postponed until Friday at 8:30 o'clock, in order to give Chicago citizens an opportunity to be heard in opposition to the bills. The new measure is similar in most respects to the amended bill which some members wanted put through the house as a substitute for the original Humphrey bills. It provides for a thirty-five-year extension of existing franchises. The rate of fare is fixed by the bill at 5 cents for twenty years. For the remaining fifteen years the rate of fare is to be subject to the control of the local authorities, as it is at present.

THOUSANDS OF SUITS ARE TO BE BEGUN

ENDLESS LITIGATION IN ODD
FELLOWS' INSURANCE.

Cases Set for Hearing in Justice Court at Milwaukee Yesterday Continued for a Week—Meantime It Will Be Decided Whether the Claims Shall Be Contested.

The first invoice of cases brought by the receiver of the Wisconsin Odd Fellows' Mutual Life Insurance company were called for trial yesterday at Milwaukee.

There were twelve of the cases before Justice Hayden, and thirteen cases before Justice Clark. Owing to an arrangement between counsel, A. G. Welser, who has been in consultation with a committee representing the defendants, was given until Monday to put in an answer, if it is decided to fight the cases. If an answer is filed the cases will come on for trial before the justices named next Wednesday, but if they are allowed to go beyond Monday without an answer, judgment will be entered against the defendants in each case.

Seven Thousand Cases.

Fifteen cases will be called in Justice McWhorter's court today, and a postponement will be asked there also in order to allow the defendants to prepare their answers. In all fifty-one cases have been started against Odd Fellows who have refused to pay the assessments made upon them by the company. There are 7000 of these delinquents in the state, and the receiver will bring suit against all of them who persist in their refusal to pay. A large number of those upon whom summonses were served have settled the claims against them, and among them are some of those who have joined the association that proposes to fight the receiver in his attempts to collect the assessments.

Binds the Policy-Holders.

It seems, under the constitution under which the Odd Fellows' Insurance company was organized, the policy of life insurance held by a member holds good for sixty days after he was defaulted in the payment of his assessments, and during this time if he should die his heirs would be entitled to collect the amount for which his life was insured. It is argued from this that even if a member notifies the company of his withdrawal from it, he is still bound to pay assessments that may accrue during the intervening sixty days. Again ninety days are allowed for proving up a death, and even after this date the company may institute an investigation, carry the matter into court, and engage in litigation that may extend through a series of years, in which case the member who had withdrawn at any time after the death and before the policy was paid would be liable to assessment therefor, no matter if he had been out of the company for years when the death benefit was to be paid.

Policy is a Contract.

In other words, it is contended that the policy of life insurance is in the nature of a contract and that the assessment is to be made on those who are members when death occurred without reference to whether they are members when it becomes necessary to pay the death benefit. This is the contention of the receiver in bringing the suits, and it is declared in case he is pushed to hard he will bring suit against the individual delinquent on each assessment charged against him as a distinct case. As some of these members have ten and twelve assessments charged against them they will be kept busy attending to them.

PARTY LEAVES FOR EUROPE

Janesville Folk Board This Morning's Train En route For England.

Many friends were at the depot this morning to bid farewell to Miss Sadie Holt, who left for New York City, where on next Saturday she sails on the steamer Campania for a trip to England in the hopes of benefitting her health. When Miss Holt stepped aboard the train this morning she could not speak above a whisper. She was accompanied by her mother, Mrs. Adam Holt, Mrs. Andrew Lowry, Mrs. E. Robinson, and Adam Robinson. They expect to be gone about three months.

INTERESTING WOMAN'S HOUR.

Proceedings of the Congregationalists at Beloit Yesterday.

The interesting period in the Congregational District convention yesterday at Beloit, was "Woman's Hour." Among the speakers was Mrs. James Eaton, a missionary at Chihuahua, Mexico, and Mrs. A. J. Hutton, district secretary of children's work. The new churches at Williams Bay and Fontana were admitted to membership there are twenty-nine churches in the district. The next semi-annual convention will be held at Whitewater.

TO GIVE KEELEY CURE FREE.

Important Step By the Soldiers' Home Management.

The managers of the National Soldiers' Home at Milwaukee have decided to administer the Keeley treatment free of charge hereafter. The medicines will be purchased at government expense and treatment will be given the home physicians. This step, which results from the Leavenworth investigation, is expected to do away with the charge that the Keeley institute at the homes are a source of revenue to the government.

GOOD PLACE FOR CONCERTS

City Now Has a Band Stand, a Citizen Says.

Editor Gazette:—Last evening's Gazette says "stands will be erected for the band to play in." It would seem that in the case of the court house park, that would be unnecessary, for there is an excellent covered band stand there, commodious and in good condition, surrounded by level ground with arc lights in the streets each side of it; certainly a very good place for out-door evening concerts. CITIZEN.

A "ONE MAN BAND" IN TOWN

Richard Clark, a Colored Man, Is a Musical Genius.

Richard Clark, a colored man who claims Australia as his home, and who also prides himself on the fact that he can talk five different languages, is now in the city, doing a "one man band act." Mr. Clark says that eight years ago he was in Janesville, and at that time he made plenty of money; but now he claims that money is scarce.

Marie Wellesley's Players.

Marie Wellesley's players presented last evening at Myers' Grand Opera House the laughable three act comedy, "Our Boys" to a delighted audience. The weather being stormy kept many people away but in spite of it the play was well attended. Miss Wellesley as Mary Melrose was very good and Richard Abbe, Will Atkinson, B. W. Wilson and George E. Spencer were indeed clever and kept the audience in roars of laughter. "Only a Dream of the Past," played by Miss Della Watson and sung by Miss Josie Atkinson received a double encore. The gala night of the week will be tomorrow Friday night when the company will present with the full strength of the company Dumas' great masterpiece Camille in five acts. The play should not be missed. Olgo Nether-sole and Burnhardt are playing Camille today in the large eastern cities. The company have made special preparations for this production. A \$60 bicycle will be given away Saturday night.

QUEER WILL MADE BY MRS. E. B. FRENCH

ODD STRING TO BELOIT COLLEGE LEGACY.

It Shall Be Inoperative if Vivisection Is Ever Practiced in Any Departments of the College—Several Humane Education and Anti-Vivisection Societies Remembered.

The will of Mrs. Ellen B. French of Beloit, as admitted to probate, besides the bequests to relatives and friends, contains bequests to public and charitable institutions to amount of about \$60,000. The sum of \$5,000 is left to the Board of Trustees of Beloit college, on condition that no vivisection shall ever be practiced in any of its departments, but if the stipulation is violated at any time in the future the trustees are to pay over said amount to the American Humane Education society of Boston, of which G. Tangle is now president. Other bequests are \$10,000 to American Humane Educational society of Boston, Mass., \$5,000 to Wisconsin Home Missionary society; \$1,000 each to the Illinois Anti-Vivisection society of Aurora, Ill.; the American Anti-Vivisection society of Philadelphia, Pa., and the New England Anti-Vivisection society of Boston Mass.; \$1,000 to the First Congregational church of Beloit.

After the payment of other bequests, the remainder of her estate including the residence property, which is to be sold, and the proceeds added to the estate, is to be divided equally between the American Board of Commissioners for Foreign Missions, the American Missionary society and the American Sunday School union.

Mrs. French was the widow of John B. French, for many years a resident of Beloit, and treasurer of Beloit college. She was always prominent in the humane work.

New Cigarette Law Results Trade With Older Customers Exclusively.

Janesville boys whose ages range from eighteen years down are having a hard time of it when it comes to purchasing cigarettes. Since the passage of the new law, local dealers are taking precautions in dealing out this class of goods and rather than run any risk of selling to minors, they prefer to lose the trade.

"The young boys about the city seem to smoke them as much as ever," said a local dealer, "for it is an easy matter for them to have some older boy make the purchase."

J. GREEN'S LEG IS BROKEN.

Street Railway Employee Meets With a Painful Accident.

J. Green, a relative of Superintendent Cummings, who has been working for the street car company, is now confined to his bed at his home on Gore street with a broken leg. Mr. Green, while assisting in repairing the trolley wire, was obliged to stand on a scaffolding about fourteen feet in the air and while in this dangerous position lost his balance and fell heavily to the ground. Dr. W. H. Palmer found the bone of his left leg to be fractured near the ankle.

Take advantage of the special sale of linen skirts and linen suits Thursday and Friday. H. Hoffmaster & Son, 18 South Main street.

The damage suit of William Hardin against the Chicago, Milwaukee & St. Paul Railroad company was yesterday continued for the term, in the circuit court.

"OUR Boys," as presented by the Wellesley company at the Myers' Grand last evening, was a very amusing production. "East Lynne" will be the bill tonight.

The cases of Rebecca Miller vs. City of Janesville, Hiram H. Walker vs. Thomas J. Lanphier and Frank A. Boker et al vs. C. H. Wilder were added to the circuit court day calendar for Thursday, May 20.

ALDERMAN Gilkey's plan to do away with damage suits by paying close attention to the sidewalks, offers the only solution of the question. In his campaign he will have the hearty support of all the people in the city.

In all probability the bicycle ordinance presented at the last meeting of the council will be adopted at the next meeting. Only about a dozen riders attended the meeting to discuss the ordinance with the Highway and Bridge committee last night, and very little interest was shown in the matter.

The damage suit of Lawrence Ward against the Chicago, Milwaukee & St. Paul Railway company was set for Tuesday, May 25, at 9 a. m., with the further understanding that it may be further continued until Wednesday, May 26, should the defendant's attorney desire. The case came up before Judge Bennett yesterday.

JUDGE BENNETT yesterday gave Julia M. Baldwin a divorce from her husband, Frank R. Baldwin, and allowed her to assume her maiden name, Julia Dower. The ground of action alleged was habitual drunkenness. Baldwin, it will be remembered, was tried on the charge of killing L. F. Finch but was acquitted.

ONE WOMAN'S WORK.

The Hard Life of Toil Experienced by the Indian Woman Seems Incredible to Their White Sisters of To-day.

Perfect Health Gave Them Power.

Their Knowledge of Disease and How to Cure it the Secret of Their Health and Their Ability to Accomplish Wonders.

The Indian women were proverbially strong, healthy and hearty. Such diseases as are common with women of today were unknown to them. They were worthy, indeed, to be the mothers of a race that has become known to history as possessing lives of great duration and from pain and sickness. The reason was due simply to the then great knowledge of the Indians as to how to cure disease by the aid of Nature's remedies. The Kickapoo Indian squaws, for any derangements of the female organs, used what is to-day known as Kickapoo Indian Prairie Plant, and to it do they attribute their long life and perfect health. Kickapoo Indian Prairie Plant is identical the same to-day as it was when used by the Kickapoo Indian women, and can to-day be had of any druggist for \$1 a package. It is quick in its action, and gives instant relief, and is effective in its effect, having accomplished many cures that seem nothing short of miracles. The following letters, in this connection, will explain itself:

"Kickapoo Indian Medicine Co., Gentlemen: I have used your Kickapoo Indian Prairie Plant now for three weeks. I find it has afforded me the greatest relief. I have taken of it to several of my friends who have been troubled in a manner similar to myself, and they intend to purchase it at once. Yours gratefully, Mrs. Hester Miller, River, Mo."

"To sufferers who are not exactly sure of the cause of their trouble we would advise sending for our pamphlet entitled the Kickapoo Indian Doctor, which is filled with useful information. It will give you particulars in regard to various symptoms of diseases and their cure, mailed free to any address by the Kickapoo Indian Medicine Company, New Haven, Conn."

MORE FUN.

To be Well Than all the Rest of the Fun on Earth.

Some physicians say that all nervous disorders arise from a disordered stomach, and that even the peculiar diseases of females are directly traceable to an unbalanced nervous system caused by stomach troubles.

The stomach may be suffering, but will not show it there; frequently the distress will be telegraphed over the nerves to the head, eyes, back or abdomen.

Medicines are not so much needed as good common sense in eating and drinking. Coffee is one of the most prolific causes of trouble with the stomach, principally because people continue to use it when they are feeling bad, not knowing that the poisonous alkaloids of coffee directly check digestion and attack the liver.

A dismissal of coffee for a week or ten days will show many sufferers the cause of their troubles, and while they won't get well in that time, the improvement in their health will open their eyes. Postum, the health coffee, made at Battle Creek, Mich., can be used by those who are troubled with coffee, and it agrees perfectly with the weakest stomach, while the pure food elements of the grains of which it is made will nourish and fatten the body. Return to natural living and get well.

Beware of the fraudulent imitations of the original Postum Cereal Food Coffee. Insist on Postum.

G. A. R. Encampment, At Eau Claire, Wis.

THIS DAY IN HISTORY

1506—Christopher Columbus died at Valladolid, Spain, aged about 70; birth date uncertain.

1772—Dorothy Payne, famous as Dolly Madison, born in North Carolina; married James Madison 1794; died 1849.

1847—Mary Lamb, sister of Charles Lamb, died in London; born 1765.

1865—Prince Michael Gortschakof, an able Russian general, commander in the Crimea and late governor of Poland, died; born 1787.

SHAM SHELTERED BY CIVIL SERVICE

It was impossible that the civil service classification should have grown to its present elaborate form without cloaking many abuses. The shams and misapplications are being brought to light by congressional investigating committees and a vast amount of hubbub results. An effort to turn the light on the real workings of the system is met with the cry that the object is to destroy it. Those who are making the loudest noise against investigation are the ones least able to meet it.

As extended to various departments and many thousand offices during the last year of Mr. Cleveland's administration the civil service rules are working confusion and heavy losses to the government. Numerous instances have been given of how the spoils system has flourished hypocritically under the name of civil service reform. The people are not satisfied with any such pretense, nor can they be deluded by it. If the spoils system is to prevail the proper place for it is in the open. Civil service rules must be amended when they need it, and they are out of place to the extent that they work a positive injury to the interests of the government.

The most serious charge against the civil service commission is that much documentary evidence unfavorable to the commission has been suppressed. If this be true it makes a serious danger. If the commission is to put out of the way all evidence against the efficiency of its work it is a fraud and a menace instead of an agency to reform, and is a fit subject for investigation of the most thorough sort.

IN CUBA'S RELIEF.

Definite action on the Cuban question cannot be avoided, after yesterday's revelations in the senate. It is declared that General Weyler has failed utterly in his attempt to crush the rebellion. The murder of innocents and the starving of non-combatants have marked his campaign, but the net results of his six months' effort is that the rebels are stronger in numbers and more resolute in spirit at this moment than they were at any previous time since they took up arms.

Recognition of Cuba's belligerency has been delayed by the disposition of the administration to avoid any appearance of offensive eagerness in the matter. It is evident, however, that opinions have changed since last winter, because the conditions have changed.

They have appeared at that time a probability that the insurrection would be put down eventually, but that chance has vanished since. Not many reasonable persons now think that Spain can ever recover its old authority in the island. The continuance of the struggle therefore, is a wanton waste of life and property. This is how the American people feel, and this is why the sentiment in favor of recognition of the insurgent as belligerents has grown rapidly in the past few months.

This question will be faced squarely by congress before many more days pass. The assumption that recognition would impel Spain to declare war on the United States is widely absurd. Spain is short sighted but she is not blind enough to deliberately commit suicide.

The location of the new state reformatory in Green Bay will give Brown county the distinction of having two examples of the latest developments in the case of criminals. The Brown county work house has wiped out the tramp nuisance and the intermediate reformatory by separating first offenders from hardened criminals promises to save many boys, unwary rather than vicious from a life of crime.

Alderman Gilkey thinks the cheapest way to prevent damage suits is to keep sidewalks in repair. The time-

honored Janesville custom has been let rickety sidewalks go until they could be patched with a \$5,000 judgment.

Ex-Congressman Myron H. McCord has been appointed governor of Arizona, and ex-Senator Hugh Price bids fair to be the next governor of New Mexico. Mr. Dana must have Wisconsin men particularly in mind when he advised a western trip.

The character of the consular reports read in the senate yesterday suggested that two or three United States consuls stand a good chance of being blue-penciled if General Weyler's press censor meets them in a dark street.

BEDRIDDEN.

FIFTEEN YEARS OF SUFFERING.

The Doctors Wanted Seven Hundred Dollars to Attempt the Cure.

The following is a letter we received a short time ago from Mrs. M. C. Hinkley, 602 North Mississippi St., Indianapolis, Ind.

Gentlemen:—While suffering intensely from piles, I became interested in your advertisement in one of our daily papers and procured a package of your Pyramid Pile Cure from our druggist. Contrary to any expectations, the relief was instantaneous. I used two boxes of the Pile Cure and one of the Pills and am convinced that they are the only sure cure for piles on the market. I have been a sufferer from piles for fifteen years and have been confined to my bed about one-half of the time, expecting and wishing for death for the pain was so great. I went to the college here and the doctors said my case was a new one to them, the great pain having brought on a large rupture, which they wanted seven hundred dollars to cut out. I was very much afraid that death would result from the blood-poisoning which they said would result from the operation. I feel as though I can't praise the Pyramid Pile Cure and the Pyramid Pills too highly, as I am convinced that they saved my life. Before using your cure I weighed only ninety pounds and now I weigh one hundred and fifty and feel as well as I ever did in my life. You are at liberty to use this testimonial in any manner you may see fit, as I want all sufferers from this terrible disease to know that there has at last been compounded a remedy that will cure piles.

MRS. M. C. HINKLEY.

There is no need of the danger, pain and expense of a surgical operation for any form of piles. The Pyramid Pile Cure does the work without pain and is the safest and best. Remember also that the Pyramid Pills are a certain cure for constipation, acting without gripping and restoring natural action to the bowels.

The Pyramid Pile Cure is sold by druggists at 50 cents and \$1.00, and the Pyramid Pills at 25 cents, or by mail from Pyramid Co., Albion, Mich.

BATES TO BE HOME IN A SHORT TIME

EXPECTS TO BE FREE WHEN
COURT MEETS.

He Says That He Is Innocent and
Sends Clippings From the Papers
Criticising the Action of the Grand
Jury That Returned At Indictment
Against Him.

Beloit, Wis., May 20.—[Special].—
Friends of Attorney J. W. Bates, who
was arrested by the sheriff of Geneseo
county, N. Y., on a charge of forgery,
last week, will be pleased to learn that
his anticipations will undoubtedly be
fully realized, by the lifting of the
cloud that descended upon him through
the action of a grand jury and the
subsequent action of the sheriff. Mr.
Bates throws some light on the modus
operandi of eastern grand juries in
general, and the one that "found" the
1 dictum "I am not him at Geneseo," by
clippings from local newspapers which
are appended below, that his numer-
ous friends may judge of its "find-
ings".

"It is feared by many that the grand
jury which adjourned last Friday after-
noon at Geneseo with 24 indictments
to its credit, may have gone to the
opposite extreme from the grand jury
that preceded it, and found indictments
in cases that might better be allowed
to disappear altogether. It will be
remembered that the grand jury that
met at the last term of court previous
to this received a severe lecture from
Judge Werner because of its failure to
indict James B. Hampton, the default-
ing county treasurer.

Criticise the Court.
"There is not the least question but
that an indictment should have been
found against Hampton at that time,
but we believe, nevertheless, that
Judge Werner's rebuke was altogether
too severe and savored too much of
the hoop-la-political-stump-speech-
office-seeker, to be worthy of the
supreme court bench. The case
perhaps called for protest on the
part of the bench, but to som-
thing gentlemanly would have had
the desired effect, no doubt. This
rebuke on the part of Judge Werner
put the jury that has just adjourned
"in a box," so to speak. That is the
jury felt bound to indict Hampton
and perhaps every other unfortunate
whose name was presented. In fact,
one member of the jury was asked by
an acquaintance, "Well what did
you do?" "Oh, we so led it to
everything that came our way,"
was the reply. Grand juries have
a great deal of power in their hands
and inasmuch as most grand juries
have to deal with many very trivial
cases that owe their inception to
spite or revenge, this plan of "sock-
ing" it to everything that comes
along is hardly to be commended."

Indictment Doesn't Count.
"The last grand jury cannot be crit-
icised for not finding indictments, for
it is said, they found a true bill in
about every case presented. They
found in all twenty-four indictments."
"It does not always follow that a
defendant is guilty because an indict-
ment has been found against him, and
in fact, the direct opposite sometimes
proves to be the case. It is therefore
but the simplest justice to suspend
judgment till the charges brought
against him have been investigated in
the courts."

Mr. Bates says in closing: "Let me
add, I am innocent of the charge pre-
ferred. The court meets now in a few
days, and I shall start for home prob-
ably the same day."

MUST FIX THE SIDEWALKS.

Alderman Gilkey Starts a Campaign in the
Third Ward.

Alderman Gilkey says that Third
ward sidewalks must be fixed. If the
property owners fix them of their own
accord, well and good. If they fix
them after receiving notice, well and
good, but if they do not fix them they
will be proceeded against in all cases,
under the ordinance.

"Third ward sidewalks must be
taken care of," said Alderman Gilkey
this morning. "I have become tired
of trying to reason with people who
maintain defective sidewalks. Third
ward walks must be fixed, and I will
carry out the campaign if I lose every
friend I have. People should not have
to be told to see to these things, but
after they are told, I will see that the
law is enforced in every case."

reasons, it was deemed best to abandon
the project for the present.

BURGLAR LAUGHED AND WENT AWAY

ROBBER WHO COULD APPRICE-
ATE A JOKE.

When G. H. Rumrill Called Out As the
Thief Opened the Window, the Lat-
ter Faded Away Into the Night
With Much Merriment—Sneak
Thief at Work.

A burglar who could enjoy a joke
tried to force an entrance to the Rum-
rill residence, and when Mr. Rumrill
yelled to scare him away, Mr. Burglar
laughed heartily. Before Mr. Rumrill
could get his revolver, however, the
thief faded away into the night.
Mr. Rumrill sleeps near the window.
He was awakened in the night by the
noise caused by the swinging open of
the blinds. The next instant
he saw at the window, the full
form of a man of medium build.
A revolver which Mr. Rumrill keeps
in the house was near at hand, but
in order to reach it he would have had
to get up and pass the robber. This
he decided would be an unwise thing
to do under the circumstances, so he
called out to let the burglar know
that he had been seen. The robber
seemed to enjoy the situation
and gave a hearty laugh as he left.
Chief Hogan says that he
and Officer Brown met a
suspicious looking character about
the hour of the night that the attempt-
ed burglary was committed, but as
they did not know at that time of the
Rumrill incident, they allowed the
stranger to go his way. It is said that
attempts have been made to enter
other Fifth ward dwellings of late.

Stole Her Watch.

Sneak thieves entered Dr. O. G.
Bennett's residence at 160 Milton
avenue and made good their escape
with Mrs. Bennett's gold watch val-
ued at \$40. At the time the theft was
committed the time piece was lying on
a table in the hall. No clue has as
yet been found and there are no evi-
dences that an entrance was forced.
The police are now working on the
case but have not made much headway.

Richard Barry Jr., who is to be
tried on the charge of assault with in-
tent to do great bodily harm is to be
disposed of at this term of the circuit
court. Attorney Wilson Lane who
will appear for the defendant has re-
ceived assurance from Judge Bennett
that Mr. Barry will not be obliged to
remain in jail any longer than it is
necessary before the case comes to trial.

Ben Kudscheid, a cigar maker was
arrested by Chief Hogan yesterday on
the charge of stealing a watch and
some money from a boarder at the
Ottoman hotel. The watch had been
exchanged for another at a jewelry
store, and part of the money was found
in his pocket. He is charged with
burglary.

Kudscheid was taken into court to-
day, and the case will come up again
on May 24. He could not give \$500
bail.

WIFE'S LOVE WORTH \$5,000 IN CASH

INTERESTING SUIT FOR DAM-
AGES IS BEGUN.

One Farmer Claims That Another Al-
ienated the Affections of His Spouse,
and Begins Legal Proceedings—The
Other Denies the Soft Impeach-
ment and Will Fight.

For the alleged alienation of the
affections of the wife with whom he is
now said to be living, Hiram Walker
has commenced suit for \$5,000 against
Thomas Lamphier.

Both the plaintiff and defendant are
well known and are well-to-do farmers
who reside in the town of Beloit.

In the fall of 1895, Walker claims
that Mr. Lamphier hired him
and his wife to work on
his farm. While they were
living here, Walker claims, Lamphier
proceeded to make love to Mrs.
Walker. In January, 1896, Walker
and his wife separated and Walker
went his way in the world while
Mrs. Walker went to reside with her
parents. This separation, Mr. Walker
claims was the direct result of Mr.
Lamphier's love making.

Lamphier denies the charges and
says that he can prove the facts in
the case when the proper time presents
itself. He further alleges that Mrs.
Walker left her husband for reasons
of her own and that he was not re-
sponsible therefor.

Since the trouble commenced Mr.
and Mrs. Walker have thought the
matter over and are now living to-
gether in the town of Turtle. The
case will probably be taken up in the
circuit court next week. Fethers, Jeffer-
ies, Fife and Mout have been en-
gaged by the plaintiff, while E. D.
McGowan will appear for the defend-
ant.

Selleck Case Adjourned.

The case of Mary E. Selleck vs. the
City of Janesville the court today or-
dered that further proceedings be con-
tinued till Friday at 9 a. m. in order
to permit taking additional testimony
of Mrs. Selleck, and this afternoon
Court Reporter F. C. Grant went to the
home of Mrs. Selleck to perform such
duty. Among the witnesses called
today were Drs. Philip Fox, J. B.
Whiting, James Gibson and J. L. Ford.

Mrs. Selleck said that she had not
been ill before in some years, while
Dr. Flower, of Monticello, testified to
treating her since the time mentioned.
It was along this line, that Mrs. Sel-
leck's testimony was desired by the
defense.

The court granted a new trial in the
case of John Thoroughgood et al., vs
M. D. Taylor et al.

In the case of John S. Anderson vs
Jene Honeysett the jury was waived
by consent of counsel.

Theo. W. Goldin was appointed by
the court as referee in the case of
Jacob Wellner v. Julius T. Raymond
et al., and in filing of his report, the
court ordered judgement of foreclosure
be given the plaintiff.

A Cheap Suit...

Looks well the first four weeks
you wear it. How about the end of
the season? A really good suit
should be presentable and satisfac-
tory for steady wear the second
year. Not so with the showy, cheaply
made garment. The "good looks"
are gone; so is the cloth and lining.
Easy to see that the carefully made
suit is the cheapest. Even if it did
cost a few dollars more at the start
you are ahead at the finish.

Cape Colony's New Governor.
Sir Alfred Milner, the new governor of Cape Colony and high commissioner for South Africa, steps into a most important office at the comparatively youthful age of 44. His public career has been a brilliant one. Ever since Mr. Milner was a young man he has

He first tried his hand at the law, jumped into journalism and then became private secretary to Mr. Goschen, chancellor of the exchequer. He went into the Egyptian service next and made his mark.

A Fighting Rear Admiral.
Joseph N. Miller, who has recently been promoted to be rear admiral, will have but one year to serve with flag rank before he is retired by age limit. That year will probably be passed ashore, as Admiral Miller is now in command of Charlestown navy yard and

GIVES STRENGTH TO MEN

Free To All Who Are Weak And Worn
A METHOD TO CURE AND INCREASE THE POWER.

It is a remarkable fact that a man never appreciates the sufferings of others until he himself has passed through the fire of pain or remorse. Then it is that he looks around for those who are suffering; he wants them to profit by his experience; he gives his time and money gladly for the

benefit of others and never tires of his zeal. There are plenty of men weak and worn out, struggling with remorse and fear, the natural outcome of habits that brought incapacity, a sense of loneliness and a feeling as if the best side of life had been banished forever. Such men should write to Thomas Slater, Box 492, Kalamazoo, Mich. He will send free by mail, in a plain, sealed envelope, full particulars about the method he used, and this will enable any man to get a complete cure at home. It is the method that Mr. Slater used to cure himself of the troubles that sap the strength and vigor and also enlarged his organs to natural size. The cure was complete, so satisfying and such a wonderful change in his former condition that he will gladly tell others all about it, sending all particulars. He figures that he doesn't know of a better way to show his appreciation of his own cure and sufferings of others. There must be generous men in this world to set the tide of avarice. Write to Mr. Slater—it will cost nothing for his description and method.

May Days are Busy Days Here.

Never has our trade been better than this season, and people keep on coming and buying in a way that indicates they appreciate our values.

We have endeavored to show a more complete and desirable stock of general dry goods than ever before, and the business we are doing leads us to believe we have succeeded. Also that have not only beat our own record, but that of our competitors as well. In some departments the values we offer are nothing short of surprising; especially is this true of Wash Goods, light weight Underwear, Hosiery, Shirt Waists, &c.

It is values like these that turn the trade tide our way: □

Lined leather Belts in the new tans and greens, monkey skin, also seal leather --25c.

The latest Chatelain Purse, with chain, in brown, tan and green, new shape, gilt frame --50c.

Pure Milanese Silk Mitts, with inserted glove thumb, black only--19c.

Ladies' derby ribbed Vest, silk stitched, with satin ribbon at neck, pearl buttons, either half sleeve or long sleeve --19c.

Another shipment of the Golf Cape Mackintoshes—navy blues or brown; hood is detachable and is lined with plaid silk; garments are double texture and are cut full sweep. Same price as before--\$5.

Women's Dresses. We never sold dresses so well.

We never sold so many. It is safe to say that equal tailoring done to your order would cost more than we ask for the suit—in eight cases out of ten. There is a chicness about these tailored outfits that appeals to careful dressers. Prices range from \$5 to \$15 for just such nobby suits as you have noticed in our window and worn by our customers. We make alterations free and guarantee the fitting.

SUMMER STYLES.

Dainty Fluffy Capes Elaborately Trimmed and Very Short Jackets.

Jet embroidery of various sorts is seen on fashionable capes, either covering the whole or placed around the top, in front or at the shoulders. Large bows close the cape, smaller ones being placed as epaulets. A combination of the bolero and cape is seen in which the latter is represented by very ample sleeves composed of many plaitings of mousseline de soie or one wide one gathered under a shoulder knot.

Capes are seen in all colors and are often made to match gowns. Many pretty ones will be seen this summer trimmed with white mousseline de soie and lace, with bows of green, straw, rose and blue. Although the cape was not fashionable in the eighteenth century, the Louis Quinze effect is given to it, since that is seen in everything. These light, bright, fluffy capes, matching the costume, are the fancy of the season. Black, of course, will be much used, whether in satin or silk, more or less embroidered, for it accompanies all gowns equally well and is serviceable.

Summer jackets are exceedingly short, reaching very little below the waist, and are often much trimmed, although plain ones are also fashionable. Fancy revers and collars of white or light cloth, embroidered or braided, form, with large and

MATINEE.

small buttons, the chief decorations. The buttons should be small when they are used for a vest effect, which is seen on some of the new jacket models. The particularly novel fancy in jackets is that of having them made in bright colors—deep violet, cornflower blue, scarlet and clear green. This idea is a very pretty and pleasing one, whether the jacket is plain or decorated. But no ornamentation is really required, the color alone being sufficient adornment.

A picture is given of a matinee of straw surah. It is close fitting at the back, but loose in front, the full vest being adorned by a horizontal trimming of lace and narrow, pale blue ribbon. The large revers, forming epaulets, are similarly trimmed, as is the collar. There is a capuchon of surah trimming, with lace. The sleeves are gathered up the outside and are finished at the wrist by frills of lace.

WEDDING FASHIONS.

Material For the Bride's Gown—How It Should Be Made.

The time for weddings approaches. To be sure, love, like death, has all seasons for its own, and people are always being married. But in the spring there seems to be always a greater proportion of weddings. The freshness, the flowers, the general awakening and bourgeoisness are in harmony with the excitement of the occasion and lend a rosy glow of hope to the whole affair which other times of the year cannot afford.

The bride's gown ought to be of the best material that can be afforded, as its elegance depends chiefly upon quality and fit, no appreciable amount of trimming being now permitted by fashion. Very good satin, moire or ribbed silk, but satin by preference, is used, dead white being selected for a blond, cream for a person of medium coloring and butter tint for a brunette.

The skirt should be long, touching the ground in front and at the sides and trailing at the back. The train may be of any length, the size bearing relation to the size of the wearer and the richness of the material.

SUMMER GOWN.

terial. It is sustained by a narrow inside facing of haircloth. To make the folds fall with greater grace an interlining of thin flannel may be employed.

The bodice varies according to taste and figure. The form of costume most generally adopted, however, is the princess. The bodice is high, with a tall collar and sleeves extending over the hands.

An illustration is given of a summer gown of pink pique. The skirt is adorned with applications of cream embroidery, the bolero being similarly adorned. The tight sleeves have a great deal of embroidery upon them and are tucked near the top. Above the tucks are a puff and an epaulet cut in points. The chemise is of white batiste; the waist is of black and white striped silk and the belt of black satin. The hat is of pink mousseline de soie gathered over a wire shape.

Smiling Faces

Sweet Greetings that Keep the Home Happy.

It Is Hard to Smile When the Body Is Racked With Pain.

It's hard to smile when the back is aching, the head throbbing, and the body is full of pain. The thing to do is to rid yourself of the aches and pains, and then you will help you do it.

The Munyon Homeopathic Remedies, made up of discoveries and combinations in medicine, are a veritable boon to mankind. The world is rapidly being converted by truth and evidence, and soon the Munyon school of medicine will be accepted and recognized as the only school that is safe and sure. Here's proof. Will you study it?

Mrs. Charles Ebel, 1150 Sixth Street, Milwaukee, says: "I willingly furnish a testimonial for Munyon's Remedies, which I have used for over a year for different ailments, and with the best of success. They have brought relief when I was suffering from female troubles, and are the best remedies in case of colds, rheumatism and catarrh. I bought a case of them a year ago, and would not be without the remedies again. They have cured rheumatism and catarrh in my case, and my friends have been cured of other ailments."

Munyon has a separate cure for each disease. For sale by druggists, mostly 25 cents a bottle. If in doubt write to Professor Munyon at Philadelphia, Pa., and get medical advice free.

Rock County Fruit.

Avoid disappointment in small fruit raising by taking varieties grown in soil and climate similar to your own. Illinois, Michigan and New York varieties seldom give the best results here for the first two seasons. Try 500 lbs. grown in Rock County.
